

BEAMER

James,

Please accept this letter as a commendation. I have been to a lot of weddings before, but none quite like the one your company planned for my niece and her groom. What an exchange of vows, with the beautiful hues of the setting sun and the water in the background!

Your yacht is impressive. I especially enjoyed its roominess and the sophistication of the state room. Your food and wine was first-class. Most of all, your exceptional service enhanced every part of the wedding.

I am certainly glad that my family was referred to Ceremonies At Sea. I am so impressed that I would like you to host my company's holiday ball. Please call me at your earliest convenience.

Cordially,
Ted Beamer
